

"We are very pleased with the value, service, and labor savings that your Top Hat™ stabilizers provide us here at Shemin's Nursery. Before we used Top Hats, keeping plants/trees upright was a constant headache, labor, damage, and dollar wise on windy or stormy days/nights." Brody Pepper, G. Mgr Shemin Nurseries, Addison, IL

Top Hat™ Container Stabilizer by Better Bilt Products, Inc.

- ◆ Helps Prevent Wind Damage due to Tip-overs ◆ Saves Labor Costs
- ◆ Stackable and Reusable ◆ Heavy Duty Galvanized Wire

Better Bilt's unique design incorporates self-adjusting wire fingers that securely center and grip the container. These wire fingers transfer the container's weight outward to the extended base ring. Top Hats™ which provide a wide stable platform for containerized plants to resist tip-overs and potential expensive damage during windy conditions and storms.

We offer a full range of sizes accommodating Classic® and similar sized nursery containers. Order a sample pack today, we'll include a 10-pack of our versatile 9" Tough as Nails Landscape Spikes. Purchase price of sample pack is refunded with your order of \$250.00 or more.
